Dear Sirs,

We were delighted to receive your donation. Your generosity is appreciated not only by our staff and volunteers, but especially by all our patients and their loved ones.

Our supporters raised the money to build the hospice 28 years ago, and have continued raising funds ever since, for which we are truly grateful. We offer specialist care, supportive care and end of life care for patients and their families in the hospice and in their own homes.

Inevitably the hospice has its times of sadness, but people are often surprised to find that it is a happy place too. Here everyone is special, whether patients come to us or we go to them.

To enable us to continue this work, we need to raise almost £3 million every year, which is just over £8,200 per day. This is not an easy task, but we are confident that with the help of our supporters, like you, we will achieve this.

Thank you so much.

Yours sincerely
